

Finish Up Friday!

With no Zoom sessions on Fridays, I put together some suggestions on how to structure this day. These are ideas and thoughts...pick one idea or do a combination. Please do what works for you and your child.

- A) **Finish Up Friday:** Before checking out any of the extra activity ideas, please **finish up any Must-Do assignments for the week**. Work can still be posted on Fridays!
- B) **Check It Out:** Check out other online resources posted on my website and the district's website. Here are a few...
- IXL: More Math, ELA, Science or Social Studies skills
 - Storyline online
 - Epic!
 - National Geographic Kids
 - SanDiego Zoo Kids
- C) **Specialist Activities:** The activities from the Specialist teachers are intended to be enrichment (not required). If you choose, encourage your child to pick a few activities they would like to do and save them for Friday.

***You can message me in Dojo what you worked on and what you learned during Finish Up Friday for some extra points!**
